(Description of Courses Integrates Crosscutting Issues into the Curriculum)

- 1. Professional Ethics:** For professional ethics, the College used to follow the **UGC Guidelines for Higher Education, Statute of the Sidho-Kanho-Birsha University, and Guidelines from the Education Directorate, Government of West Bengal (DPI)**. Some of these ethics are taught in the UG curriculum of Political Science and Education.
- 2. Gender:** There is a **Women Cell and Committee against Sexual Harassment** in the college to look into gender-related issues. Gender issues have been included in the syllabus of Sociology, Geography, and Economics as a part of the UG Curriculum.
- 3. Human Values:** Human Values are also discussed in the **College Prospectus** for all. There is an **Anti-Ragging and Grievance Cell** at the College to face the challenges of ragging on campus. NSS Units of the college organize workshops in regular interval with collaboration from NSS Unit of SKBU and the Purulia District Social Behaviour Change and Communication (SBCC) Cell. Human Values is also a part of the syllabus of Physical Education and Education.
- 4. Environment:** For environmental aspects, the college authority has taken various steps to make the campus environment friendly. There is **National Service Scheme (Unit I and II)** that can take care of the campus by cleaning it regularly. In the UG syllabus also, students of various departments have learned about the topic into their syllabus. Environmental Economics (Semester VI), Environmental Geography (Semester V) and in the curriculum of Botany, Zoology and History also environmental aspects has been taught. Environmental Studies (ENVS) has been taught for the honours students of Semester I and for Semester II Program Students.
- 5. Sustainability:** As per sustainability is concerned, the college authority is planning some activities for future convenience. Regular tree plantation, making the campus clean, and green audits are part of our daily routine. Sustainability is the part of Economics (Development Economics and Environmental Economics) and Geography (Semester IV and V) also.
