SECTION – III: Students’ Suggestion

In general, the students are of the view that the college environment is good. They, however, suggested that recruitment of more teaching and non-teaching staff members will help in better learning and execution of college work. They also mentioned that more number of books needs to be bought for the Departmental and College libraries. Most of the students suggested that the toilets and classrooms need better maintenance. The IQAC committee will be looking into these suggestion and incorporate them in its plan of action in the future.
